

# X Argentine Congress of Parasitology

7 to 9  
May  
2025

Puerto Iguazú  
Misiones

This event is held every three years and forms part of the activities of the Argentine Parasitological Association. Given its federal character, the Association promotes integration and the exchange of interdisciplinary knowledge both within Argentina and across the wider region.

## EXPECTED AUDIENCE

We anticipate an attendance of over 300 individuals, comprising national and international professionals with considerable experience.

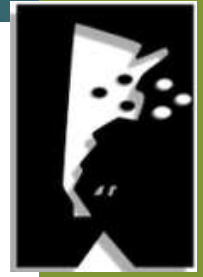

## OUR MOTTO

***“Parasitological frontiers: between biodiversity and health”***

## OUR STRUCTURE

The programme will include lectures by national and foreign specialists, symposia, round tables, free communications and pre-congress courses.
